Journeying together with love and trust

### **Resilience, Respect, Responsible.**

Dear Parents,

#### **Reading Journeys**

On all of the class pages on our website I have asked our teachers to create reading roadmaps. These roadmaps are to show you as parents what books the classes will be covering and using as part of their learning over the terms. I hope you find them useful.

#### **Parking**

I met with the local Community Police Support Officer to discuss the parking around the school area. As you may be aware there is an agreement in place as per the diagram below, this is not a legal requirement but is asked for all to consider for the safety of our pupils. When possible, please stick to this. I also spoke to them about the occasional parking over the dropped curb which has been brought to my attention as it prevents families from crossing the road safely, the blocking of the bottom of the path could be seen as illegal and therefore please make sure that you do not block that dropped curb.

#### **Choir Performance**

Huge congratulations to choir last night. They performed superbly well. After they impressed Michael on Monday, he requested that they be put at the front to help lead the others schools which is a huge compliment to them. Really well done choir.

### What is Lumi Nova?

Lumi Nova: Tales of courage is an intergalactic adventure game where players step into the shoes of a newly recruited Luminaut and start an exciting adventure through space - travelling to different planets, meeting new characters, solving puzzles and attempting challenges. Lumi Nova support young people to fight fears & manage worries. Whilst exploring planets, customising characters and earning treasure your child breaks their fears and worries down into manageable steps, learning life-long skills and building resilience.

Lumi Nova is designed for 7 - 12 year olds (school years 3 - 7) who are having difficulties with fears and worries related to social situations, separation or phobias, but may also be helpful for young people outside this age range.

Designed by BFB Labs, Lumi Nova was developed with NHS clinicians and leading academics. It is based upon Cognitive Behavioural Therapy and Exposure Therapy which are proven to be effective.
